SUMMARY

Computer Science graduate with a solid foundation in full-stack web development and software engineering principles. Skilled in JavaScript, React, and modern frameworks with experience developing responsive web applications through academic and personal projects. Highly motivated to contribute to dynamic development teams and continuously expand technical expertise.

PROJECTS

Bookified

GitHub | Live Demo

Tech Stack: Next.js, TypeScript, Vapi, Clerk, PostHog, TailwindCSS

- Built a full-stack app that turns books into interactive AI conversations for listening, learning, and discussion.
- Integrated Vapi for real-time voice-based AI discussions on book content.
- Implemented secure auth and user management with Clerk.
- Added PostHog analytics to track engagement and feature usage.
- Built a responsive UI with TailwindCSS.

Pure Drop Honey

GitHub | Live Demo

Tech Stack: React, TypeScript, Vite, Supabase, TailwindCSS, shadcn/ui, Framer Motion

- Built a bilingual D2C landing page for an organic honey brand with a cash-on-delivery order flow.
- Implemented Zod-validated order forms submitted via Supabase Edge Functions.
- Built serverless Edge Functions backed by Postgres for orders and product variants.
- Developed an authenticated admin dashboard for order and inventory management.
- Designed an animated storefront UI with Framer Motion and shadcn/ui.

Next DevEvent

GitHub | Live Demo

Tech Stack: Next.js, TypeScript, Node.js, MongoDB, TailwindCSS, Cloudinary

- Built a full-stack event management web application allowing users to create, browse, and manage tech events.
- Implemented dynamic event pages, CRUD functionality, and secure server-side operations using Next.js and MongoDB.
- Designed responsive UI with TailwindCSS for seamless user experience across devices.
- Integrated Cloudinary for optimized image uploads and media management.

EDUCATION

Jan 2019 - Jan 2024

Bachelor of Science in Computer Science and Engineering

American International University - Bangladesh

- Specialization in Software Engineering.

ADDITIONAL INFORMATION

- **Technical Skills:** ReactJS, JavaScript, TypeScript, NodeJS, NestJS, TanStack, Postgres, MongoDB, Test Case Writing, HTML5, Tailwind CSS, Project Management, Git.
- **Soft skills:** Teamwork, Problem Solving, Adaptability, Communication Skills.
- **Languages:** English, Bangla
- **Certifications:** Meta Front-End Developer
